DETAILED ACTION

The amendment filed on 11/05/02 canceling claim 34 and did not elect any of the species of biological samples as recited in claim 34 is non-responsive (MPEP § 821.03). Applicant asserts that cancellation of claim 34 renders the issue of species election moot, and that it is not clear whether the Office requires a separate restriction in the Office action or an election of another species.

Applicant's argument has been considered but is not found persuasive, because although claim 34 has been cancelled, the elected pending claims 29-30, 32, 44-45, 50-51, 56-57, drawn to a method for detecting dysregulated cellular growth, or a neoplasm, or cancer in a biological or test sample, still read on a method for detecting dysregulated cellular growth, or a neoplasm, or cancer in any of the tissue or biological sample recited in claim 34. Further, it is clear from the previous Office action, that further species election is required.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
